Scary Bird

There's a new bird in the aviary...and everyone's in a flap! He's strange and different...and SCARY! Will the scary bird ever feel at home with the others?

While young readers will make connections to being a newcomer when they start school or join a new group of friends, the smart construction means any age will enjoy and bring their own experiences to make meaning of the simple yet powerful text and evocative illustrations."

## Un enfant... c'est un enfant

A Kid is a Kid is a Kid...

Why do kids get asked so many questions? "Why are you so small?" "Where do you come from?" In this refreshing picture book, the schoolchildren wonder why they can't answer more important questions, like what big words they can spell or what cool things they can do. They'd rather tell you their dog's name than explain why they wear the same shirt every day.

Wouldn't you?

This wonderful picture book encourages individuality and open communication.

Rachel is still reeling from the news that Earth is secretly under attack by parasitic aliens, the Yirks. Now she and her friends are the planet's only defense: five kids who, purely by chance, stumbled onto a downed spacecraft and were given the power to morph into any animals they touch.

The team's best lead is their assistant principal, M. Chapman, who is the human host to a high-ranking Yirk official. Rachel volunteers to infiltrate Chapman's home, but what she finds inside may be more than she can handle...
