Miles Morales: Shock Waves (Original Spider-Man Graphic Novel)

By (author) Justin A. Reynolds , Illustrated by Pablo Leon

On Sale: Jun 01, 2021 | Paperback \$16.99

An original middle-grade graphic novel from Graphix starring Brooklyn's Spider-Man, Miles Morales, by bestselling author Justin A. Reynolds and Eisner nominee Pablo Leon!

Miles Morales is a normal kid who happens to juggle school at Brooklyn Visions Academy while swinging through the streets of Brooklyn as Spider-Man. After a disastrous earthquake strikes his mother's birthplace of Puerto Rico, Miles springs into action to help set up a fundraiser for the devastated island. But when a new student's father goes missing, Miles begins to make connections between the disappearance and a giant corporation sponsoring Miles' fundraiser. Who is behind the disappearance, and how does that relate to Spider-Man?

A true middle grade graphic novel starring one of Marvel's most popular characters, bestselling author Justin A. Reynolds (*Opposite of Always*) and Eisner award-nominated artist Pablo Leon (*Refugees*) create a riveting story that will connect with new and well-versed comics readers alike.

Contributor Bio

Justin A. Reynolds has always wanted to be a writer. *Opposite of Always*, his debut novel, was an Indies Introduce selection, a School Library Journal Best Book, has been translated in seventeen languages, and is being developed for film with Paramount Players. He hangs out in northeast Ohio with his family and likes it, and is probably somewhere, right now, dancing terribly. His second novel, *Early Departures* will publish September 2020. You can find him at justinareynolds.com.

Pablo Leon is an artist and designer whose clients include Warner Brothers Animation, OddBot Inc, Puny Entertainment, Bento Box Entertainment, and more. His original comic story *The Journey*, about the true accounts of people migrating from Latin America to the US, was a 2019 Eisner Award nominee. He lives in Los Angeles, California.

Praise for Nat Enough:

Named one of "the year's best [graphic novel] books" by *The Washington Post*
 "Maria writes funny, Maria draws funny, and Maria does it with a ton of heart." -- Jim Davis, creator of Garfield

"What elevates Maria Scrivan's graphic novel is the refreshing honesty with which it approaches its subject matter. The tone is instructive but not preachy, as Natalie develops her talents as a cartoonist and discovers her individuality, which brings her not only the acceptance of others but, more importantly, self-acceptance." -- *Financial Times*

Dragonslayer (Wings of Fire: Legends)

By (author) Tui T. Sutherland

On Sale: Aug 03, 2021 | Paperback \$12.99

This special edition of the #1 *New York Times* bestselling *Wings of Fire* series soars back in time to give readers a glimpse of Pyrrhia through new eyes.

In the shadow of wings . . . humans fight for survival. Ivy doesn't trust the Dragonslayer. He may be her father and the beloved ruler of Valor, but she knows he's hiding more than the treasure from the sand dragon he killed two decades ago.

Leaf doesn't trust dragons. They're the reason his favorite sister, Wren, is dead, and now he'll do whatever it takes to slay even one.

Wren doesn't trust anyone. She swore off humans after her village tried to sacrifice her to the dragons. She only has one friend, a small, wonderful mountain dragon named Sky, and they don't need anyone else.

In a world of dragons, the humans who scramble around underfoot are easy to overlook. But Ivy, Leaf, and Wren will each cross paths with dragons in ways that could shape the destiny of both species. Is a new future possible for all of them . . . one in which humans can look to the skies with hope instead of fear?

Praise for *I Survived the Sinking of the Titanic, 1912 (I Survived Graphic Novel #1)*:

"The first installment of Tarshis' sprawling prose disaster oeuvre for young readers is reimagined in visually interesting full-color comic panels that support its recognizable thrilling pace and convenient twists. Many of the most exciting scenes are largely wordless, spotlighting the propulsive action amid growing tensions. A fresh and interesting adaptation, making for an easy crowd pleaser." -- *Kirkus Reviews*

Dark, subdued, inky art sets a somber tone, while a parade of mostly small panels builds suspense and promises to engage readers." -- *School Library Journal*

Class Clown Fish (Squidding Around #2)

By (author) Kevin Sherry

On Sale: May 18, 2021 | Paperback \$9.99

This wonderfully silly young graphic novel about fin-tastic friends is perfect for fans of *The Bad Guys* and *Narwhal and Jelly!*

When a silly prank lands Squizzard in deep trouble, he comes down with a case of the barnacle blues. Instead of going to the Coral Carnival with his friends, he'll have to do the swim-possible and turn Seaweed Elementary's junk-filled basement into an activity room for after-school clubs. But there just may be hidden treasures to discover if Squizzard can stop all the funny business long enough to find them... Graphix series are ideal books for even the youngest readers. With funny, simple text, unforgettable characters, illustrations that support comprehension, and approachable story lengths, these books grow newly independent readers' confidence and turn them into lifelong book lovers!

May 04, 2021 Paperback, Trade \$13.99 CAD

"A terrifying futurescape at the heart-stopping intersection of *The Matrix* and *The Maze Runner*, kicking off a trilogy sure to prove dystopian sci-fi still has more to offer." -- *Booklist* Life inside The Loop--the futuristic death row for teens under eighteen--is one long repetitive purgatory. But when news of the encroaching chaos in the outside world reaches the inmates and disorder begins to strike, the prison becomes the least of their worries. Perfect for fans of *The Fifth Wave* and *The Maze Runner*.

It's Luka Kane's sixteenth birthday and he's been inside The Loop for over two years. Every inmate is serving a death sentence with the option to push back their execution date by six months if they opt into "Delays", scientific and medical experiments for the benefit of the elite in the outside world. But rumors of a war on the outside are spreading amongst the inmates, and before they know it, their tortuous routine becomes disrupted. The government issued rain stops falling. Strange things are happening to the guards. And it's not long until the inmates are left alone inside the prison. Were the chains that shackled Luka to his cell the only instruments left to keep him safe? In a thrilling shift, he must overcome fellow prisoners hell-bent on killing him, the warden losing her mind, the rabid rats in the train tunnels, and a population turned into murderous monsters to try and break out of The Loop, save his family, and discover who is responsible for the chaos that has been inflicted upon the world.

Excerpt from Last Gate of the Emperor:

“You have to register with your own name. Something about preventing fraud.”

Alarm bells rang in my head. Uncle Moti was always wary of me putting my information onto the Nexus. He would spend hours talking about security and people taking my identity. If I registered for HKO with my real name, there’s no telling what sort of trouble we could get into. I mean, I wasn’t a fool. We’d been moving around for as long as I could remember, and he was extremely careful to make sure we didn’t get into trouble.

Once, when I came home from my old school with a holo-vid yearbook, my name floating below a younger, snaggle-toothed Yared, Uncle Moti nearly had a heart attack. Packed up everything and moved us out that night. Just because I wanted to take a class picture. Strange, right? Nothing even happened.

...

I bit my bottom lip, my thoughts racing. After all this trouble, I couldn’t just turn around and go back to school. No way. I had to make this work. It was too huge! Even if I didn’t start at the top of the leaderboard, the prize money would set me and Uncle Moti up for the rest of our lives. Money couldn’t buy everything, but it would solve a lot of problems. That’s what Uncle Moti always said when he had to find a powerstream technician to get the lights working in our home. Money would help us move into a better place and get me a real bed instead of a dusty, beat-up smart-couch that tried to eat me if I slept on it wrong. Money would allow Uncle Moti to finally go to an Authority-approved doctor and see about the cough that left him hacking on the floor sometimes.

But I also wanted the glory. I was tired of being the new kid, the troublemaker, the failure. If I did this, I’d have everyone’s respect. That’s what I really wanted. To soar so high that everyone would see me, and everyone who logged onto the Nexus would know my name.

Yared, the kid from Addis Prime.

Yared, the kid who was the champion of HKO.

Yared, the kid you wanted to be best friends with.

And the glory...

The glory.

“Fine,” I told Haji. “Yes, I want to play, no matter what.”

Last Gate of the Emperor

By (author) Kwame Mbalia , By (author) Prince Joel Makonnen

On Sale: May 04, 2021 | Hardcover \$23.99

From Kwame Mbalia and Prince Joel David Makonnen comes an Afrofuturist adventure about a mythical Ethiopian empire. Sci-fi and fantasy combine in this epic journey to the stars.

Yared Heywat lives an isolated life in Addis Prime -- a hardscrabble city with rundown tech, lots of rules, and not much to do. His worrywart Uncle Moti and bionic lioness Besa are his only family... *and* his only friends.

Often in trouble for his thrill-seeking antics and smart mouth, those same qualities make Yared a star player of the underground augmented reality game, The Hunt for Kaleb's Obelisk. But when a change in the game rules prompts Yared to log in with his real name, it triggers an attack that rocks the city. In the chaos, Uncle Moti disappears.

Suddenly, all the stories Yared's uncle told him as a young boy are coming to life, of kingdoms in the sky and city-razing monsters. And somehow *Yared* is at the center of them.

Together with Besa and the Ibis -- a game rival turned reluctant ally -- Yared must search for his uncle... and answers to his place in a forgotten, galaxy-spanning war.

A rollicking, fantastical tale with a heroine who must embrace her inner bad to serve the greater good.

Force of Fire (A Kingdom Beyond Novel)

By (author) Sayantani DasGupta

On Sale: May 18, 2021 | Hardcover \$23.99

From *New York Times* bestselling author Sayantani DasGupta comes the story of a demon who must embrace her bad to serve the greater good.

Pinki hails from a long line of rakkhosh resisters, demons who have spent years building interspecies relationships, working together to achieve their goal of overthrowing the snakey oppressors and taking back their rights. But she has more important things to worry about, like maintaining her status as fiercest rakkhosh in her class and looking after her little cousins. There is also the teeny tiny detail of not yet being able to control her fire breathing and accidentally burning up school property. Then Sessa, the charming son of the Serpentine Governor, calls on Pinki for help in defeating the resistance, promising to give her what she most desires in return -- the ability to control her fire. First she'll have to protect the Moon Maiden, pretend to be a human (*ick*), and survive a family reunion. But it's all worth it for the control of her powers . . . right?

One Small Hop

By (author) Madelyn Rosenberg

On Sale: May 18, 2021 | Hardcover \$23.99

Perfect for fans of Carl Hiaasen's classic *Hoot*, this humorous adventure story set in a not-so-distant future celebrates the important differences we can make with small, brave acts.

When Ahab and his friends find a bullfrog in their town -- a real, *live* bullfrog, possibly the last bullfrog in North America -- they have several options: A. Report it to the Environmental Police Force. Too bad everyone knows the agency is a joke. B. Leave it be. They're just a bunch of kids -- what if they hurt it by moving it? C. Find another real, live bullfrog on the black market. Convince their parents to let them bike to Canada. Introduce the two frogs. Save all of frogkind. Ahab convinces the rest of the group that C is their only real option. Because if they don't save this frog, who will? Their quest, which will involve fake ice cream, real frog spawn, and some very close calls, teaches Ahab that hope is always the logical choice and that science is always better with friends. With humor and empathy, acclaimed author Madelyn Rosenberg builds an all-too-imaginable future ravaged by climate change, where one kid can still lean on his friends and dream up a better tomorrow.

On Sale: May 18, 2021 | Hardcover \$23.99

Sarah loves basketball more than anything. Crushing it on the court makes her feel like she matters. And it's the only thing that helps her ignore how much it hurts when her mom forgets to feed her.

But lately Sarah can't even play basketball right. She's slower now and missing shots she should be able to make. Her body doesn't feel like it's her own anymore. She's worried that changing herself back to how she used to be is the only way she can take control over what's happening.

When Sarah's crush asks her to be partners in a cooking competition, she feels pulled in a million directions. She'll have to dig deep to stand up for what she needs at home, be honest with her best friends, and accept that she doesn't need to change to feel good about herself.

Twelve-year-old Mallie knows better than to dream. In Coal Top, you live the story you're given: boys toil in the mines and girls work as servants. Mallie can't bear the idea of that kind of life, but her family is counting on her wages to survive. It wasn't always this way. So when Mallie is chosen for a dangerous competition in which daring (and ideally, orphaned) children train flying horses, she jumps at the chance. Maybe she'll change her story. I Really Want to Win

By (author) Simon Philip, Illustrated by Lucia Gaggiotti

On Sale: May 04, 2021 | Hardcover \$23.99

Perfect for fans of mischievous storytime favorites like *Pig the Pug*, *The Bad Seed*, and *Eloise* comes a winning story about a spunky heroine and her sidekick pup who are ready to WIN!

*Today is Sports Day, I can't wait. And as I know that I'll be great, I've planned how I will celebrate... Because I'm going to WIN. Our heroine and her sidekick pup have their eyes on the prize and are ready to find something to WIN. They compete in a spelling bee, a dancing contest, hide-and-seek, and more in search of a shiny medal. But what will happen if they... don't walk away the winner? Playfully tackling themes of competition, good sportsmanship, and being a fair loser (and winner!), *I Really Want to Win* joyfully reminds readers that, sometimes, winning isn't everything. With rollicking rhyming text from Simon Philip, bold, expressive illustrations from Lucia Gaggiotti, and a spunky heroine in the middle of it all, this follow-up to *I Really Want the Cake* is sure to be a winner!*

Reviews

Praise for *I Really Want the Cake*: "This diva of cake snatching commands every page, with her proclamations of entitlement (rendered in sprawling handwritten type), her extensive repertoire of operatic expressions, and a hairstyle that seems to have a life of its own—especially after she's laid waste to the kitchen. In more ways than one, she really does take the cake." -- *Publishers Weekly* "A child and a dog fight a losing battle to resist a tempting-but forbidden-chocolate cake. Each step in this hilarious struggle is narrated by the child in a three-line rhyme that culminates in an increasingly emotional refrain (in fun type to match) as the battle for self-control escalates... This humorous struggle for self-control also models apology and restitution." -- *Kirkus Reviews* "Cake lust wins out over parental command, as it all too often does. Faced with a huge, luscious, forbidden chocolate cake, a child struggles to stay away but ultimately caves as one lick becomes a feeding frenzy that leaves only crumbs. Well... how hard can it be to make another? Rhyming verse accompanies a winning young gourmand with wild black hair and a big personality, and Gaggiotti proves a dab hand at depicting fantastically smeary disaster areas around the cake plate and in the kitchen."

June Releases 2021

From the author of *I Wish You All the Best* comes an exploration of grief and why we have to keep moving on.

Everything happens for a reason. At least that's what everyone keeps telling Liam Cooper after his older brother Ethan is killed suddenly in a hit-and-run.

The Ghosts We Keep is an achingly honest portrayal of grief. But it is also about why we live. Why we have to keep moving on, and why we should.

Excerpt from *The Ghosts We Keep*:

WEDNESDAY, JULY 3, 2019

AFTER (CHAPTER ONE)

The summer after my brother was killed, my parents made me get a job at a frozen yogurt shop.

It wasn't that hard to learn how to work things. The hard part was dealing with the customers. Put too few sprinkles on, they complained you were ripping them off. Give them too many though, and they complain you were only making the fro-yo heavier to up the price when it was weighed.

Nobody, it seemed, felt they ever had just the right amount of sprinkles.

The shop was downtown, right near the heart of Kinston, and also happened to be one of the hottest summers on record, so we were never not busy. Sometimes our summer hours would last until eleven, which Mom wasn't in love with.

I didn't mind the job, truly. The uniform was fine, my co-workers were mostly cool. I liked Julie, who usually shared my shifts. But she was balanced out by one of the managers, Henry, who took frozen yogurt way too seriously. I, however, did not take frozen yogurt seriously at all. The job did what it was meant to do though. It got me out of the house, and it made me stop thinking about Ethan.

Except when it didn't.

On Sale: Jun 01, 2021 | Hardcover \$24.99

Everything happens for a reason.

At least that's what everyone keeps telling Liam Cooper after his older brother Ethan is killed suddenly in a hit-and-run.

Feeling more alone and isolated than ever, Liam has to not only learn to face the world without one of the people he loved the most, but also face the fading relationships of his two best friends in the process.

Soon, Liam finds himself spending time with Ethan's best friend, Marcus, who might just be the only person that seems to know exactly what they're going through—for better and for worse.

The Ghosts We Keep is an achingly honest portrayal of grief. But it is also about why we live. Why we have to keep moving on, and why we should.

Girl meets boy. Girl likes boy. Girl gets friend to help win boy. Friend ends up with crush on boy...

Skylar's got ambitious #goals. And if she wants them to come true, she has to get to work now. (At least she thinks so...) Step one in her epic plan is showing everyone that her latest app is brilliant. To do that, she's going to use it to win State at the Scholastic Exposition, the nerdiest academic competition around. First, she'll need a team, and Skylar's not always so good with people. But she'll do whatever it takes to put one together ... even if it means playing Cupid for her teammates Joey and Zane, at Joey's request. When things get off to an awkward start for them, Skylar finds herself stepping in to help Joey. Anything to keep her on the team. Only, Skylar seems to be making everything more complicated. Especially when she realizes *she* might be falling for Zane, which was not a #goal. Can Skylar figure out her feelings, prove her app's potential to the world, and win State without losing her friends--or is her path to greatness over before it begins?

Simone Breaks All the Rules

By (author) Debbie Rigaud

On Sale: Jun 01, 2021 | Hardcover \$24.99

Perfect for fans of Netflix's *Never Have I Ever* and *You Should See Me in a Crown*, this hilarious and heartfelt #ownvoices rom-com from rising star Debbie Rigaud is pure Black girl joy.

It's senior year, and Simone Thibodeaux is ready to shake things up. Until now, her life has been sealed in a boy-proof container, thanks to her strict Haitian immigrant parents, who enforce no-dating rules and send Simone to an all-girls high school. As for prom? Simone is allowed to go on one condition: Her parents will select her date (a boy from a nice Haitian immigrant family, obviously). Simone is desperate to avoid the humiliation of the setup -- especially since she's crushing on a boy she knows her parents wouldn't approve of. It's time to take action. So Simone and her fellow late-bloomer friends make a Senior Year Bucket List of all the things they haven't had a chance to do. Like: sneaking out of the house, skipping class (gasp!), and oh yeah -- choosing their own prom dates. But as the list takes on a life of its own, things get much more complicated than Simone expected. She'll have to discover which rules are worth breaking, and which might save her from heartbreak.

The Boy Who Made Everyone Laugh

By (author) Helen Rutter

On Sale: Aug 03, 2021 | Hardcover \$23.99

Billy loves telling jokes . . . but there's one thing he feels is standing in his way of being a comic: his stutter. In *The Boy Who Made Everyone Laugh*, debut author Helen Rutter shows how Billy finds his own triumph . . . with lots of laughs along the way.

Billy Plimpton has a big dream: to become a famous comedian when he grows up. He already knows a lot of jokes, but thinks he has one big problem standing in his way: his stutter.

At first, Billy thinks the best way to deal with this is to . . . never say a word. That way, the kids in his new school won't hear him stammer. But soon he finds out this is NOT the best way to deal with things. (For one thing, it's very hard to tell a joke without getting a word out.)

As Billy makes his way toward the spotlight, a lot of funny things (and some less funny things) happen to him. In the end, the whole school will know -- If you think you can hold Billy Plimpton back, be warned: The joke will soon be on you.

Excerpt from *Rise to the Sun*:

My best friend has always been the first person I run to when it's time to blow up my life.

The radio is cranked up as loud as it can go in Imani's SUV, and both of our heads are tilted back, shouting lyrics at the roof of the car. This feeling isn't the explosion I came to her begging for at the beginning of summer three months ago—when I was sad and frustrated and heartbroken again—but it feels right. It feels the way things only feel when you're with your best friend in the world, on your way to your first music festival, with the rubble of a disastrous junior year behind you.

Feels like possibility.

"I'm not saying love isn't real! I'm just saying, statistically, there's no way every time you claim to have been in love it actually was love," she shouts during the drum solo of the song currently blasting over the speakers.

She opens her mouth for a Twizzler and leans towards me without taking her eyes off the road as she creeps forward in the line of cars. She's wearing one of her many pairs of designer sunglasses, her only real fashion indulgence, but I can see her carefully threaded eyebrows raise expectantly behind them. I do my due diligence as an A1 passenger and feed it to her.

She chews and swallows before waving a hand around to emphasize her point.

"I read a study about it. On average, you'd have to have at least two long term relationships, one long distance relationship, four one-night stands, one live-in relationship before falling in love even once. You haven't run the necessary trials yet. The odds of any of your relationships having been real love are pretty low, given the data."

You Should See Me in a Crown

By (author) Leah Johnson

On Sale: Jun 01, 2021 | Paperback \$13.99

Becky Albertalli meets Jenny Han in a smart, hilarious, black girl magic, own voices rom-com by a staggeringly talented new writer.

Liz Lighty has always believed she's too black, too poor, too awkward to shine in her small, rich, prom-obsessed midwestern town. But it's okay -- Liz has a plan that will get her out of Campbell, Indiana, forever: attend the uber-elite Pennington College, play in their world-famous orchestra, and become a doctor. But when the financial aid she was counting on unexpectedly falls through, Liz's plans come crashing down... until she's reminded of her school's scholarship for prom king and queen. There's nothing Liz wants to do less than endure a gauntlet of social media trolls, catty competitors, and humiliating public events, but despite her devastating fear of the spotlight she's willing to do whatever it takes to get to Pennington. The only thing that makes it halfway bearable is the new girl in school, Mack. She's smart, funny, and just as much of an outsider as Liz. But Mack is also in the running for queen. Will falling for the competition keep Liz from her dreams... or make them come true?

You & Me at the End of the World

By (author) Brianna Bourne

On Sale: Jul 20, 2021 | Hardcover \$25.99

This is no ordinary apocalypse...

Hannah Ashton wakes up to silence. The entire city around her is empty, except for one other person: Leo Sterling. Leo might be the hottest boy ever (and not just because he's the only one left), but he's also too charming, too selfish, and too much of a disaster for his own good, let alone Hannah's.

Stuck with only each other, they explore a world with no parents, no friends, and no school and realize that they can be themselves instead of playing the parts everyone expects of them. Hannah doesn't have to be just an overachieving, music-box-perfect ballerina, and Leo can be more than a slacker, 80s-glam-metal-obsessed guitarist. Leo is a burst of honesty and fun that draws Hannah out, and Hannah's got Leo thinking about someone other than himself for the first time.

Together, they search for answers amid crushing isolation. But while their empty world may appear harmless... it's not. Because nothing is quite as it seems, and if Hannah and Leo don't figure out what's going on, they might just be torn apart forever.

In the Same Boat

By (author) Holly Green

On Sale: Jul 20, 2021 | Hardcover \$25.99

In the Same Boat is the hugely entertaining blend of romance and thrilling adventure that you never knew you needed.

Sadie Scofield is just a few days away from the race of a lifetime. The Texas River Odyssey may be 260 miles and multiple days of arduous canoeing where every turn of the river reveals new dangers—downed trees, alligators, pitch black night—but those dangers pale in comparison to going another year knowing that her father is ashamed of her. Last year, Sadie caused a disastrous wreck that ended her father's twenty-year streak of finishes, and he's never looked at her the same. Now, she knows that finishing the race with her brother, Tanner, is her one shot to redeem herself. She's ready for anything...except Tanner ditching her for another team at the last minute. Sadie grits her teeth and accepts that she has to team up with Cully, her former best friend turned worst enemy. It's irritating enough that he grew up to be so attractive, but once they're on the river it turns out he's ill-prepared for such a dangerous race. But as the miles pass, the pain of the race builds, they uncover the truth about their feuding families, and Sadie's feelings for Cully begin to shift. Could this race change her life more than she ever could have imagined? With an unforgettable heroine and an immersive setting, Holly Green's captivating debut promises heart-stopping action and a swoony romance that will leave you cheering.

Sparrow Rising (Skyborn #1)

By (author) Jessica Khoury

On Sale: Jul 06, 2021 | Hardcover \$22.99

Jessica Khoury brings her masterful world-building and emotional depth to a brand-new fantasy series. In a world where everyone is born with wings, stone monsters prowl the skies, hunting those who dare to fly too high.

In the Clandoms, everyone is born with wings, with tight-knit communities formed around bird types: Jay, Falcon, Crow. Ellie Meadows dreams of growing up to join the Goldwings -- the famed knights who defend all the people of the Clandoms. It was a Goldwing, after all, who saved her life on that terrible day her parents were killed. There's just one problem: Ellie is a Sparrow, and the Goldwings are almost invariably picked from the higher clans like Eagles and Ospreys. This rigid hierarchy means that Ellie is destined to become a farmer. Determined to honor her parents' memories and prove herself worthy of the Goldwings, Ellie sets out on her own for the capital. But her journey will be dangerous. Foul creatures called gargols lurk behind every cloud, ready to slay anyone unlucky enough to be caught outside in a storm -- just as Ellie's family was. Soon her path intertwines with a colorful band of fellow outcasts, each with their own aspirations... and their own secrets. Ellie's new friends offer not just roadside companionship. They'll challenge her ideas of right, wrong, and what truly makes a hero.

Better With Butter

By (author) Victoria Piontek

On Sale: Jul 20, 2021 | Hardcover \$23.99

A girl with anxiety disorder finds an unlikely friend -- and emotional support animal -- in the form of an adorable fainting goat.

Twelve-year-old Marvel is afraid of absolutely everything--amusement park rides, food poisoning, earthquakes, and that big island of plastic floating through the ocean. She also obsesses about smaller worries like making friends, getting called on by the teacher, and walking home alone.

Her parents and the school therapist call her worries an anxiety disorder, but Marvel calls them armor. If something can happen, it will. She needs to be prepared.

But when Marvel stumbles on a group of older kids teasing a baby goat that has mysteriously shown up on the soccer field, she momentarily forgets to be afraid and rescues the frightened animal.

Only Butter isn't any old goat. She's a fainting goat. When Butter feels panic, she freezes up and falls over. Marvel knows exactly how Butter feels and precisely what Butter needs-her.

Soon, Butter and Marvel are going everywhere together, and Butter thrives under Marvel's support. Butter also helps Marvel. Everything is easier for her with Butter by her side. But just when Marvel starts to imagine a life in which she can manage her anxiety, instead of letting it control her, Butter's owner shows up to claim her. Will Marvel find a way to keep her friend? Or will she revert back to the anxious, lonely person she used to be?

Contributor Bio

When Jenna Sakai gets dumped over winter break, it confirms what she learned from her parents' messy divorce: Relationships are risky and only lead to disappointment. So even though she still has to see her ex-boyfriend Elliott at newspaper club, Jenna is going to be totally heartless this semester -- no boys, just books.

But keeping her cool isn't always easy. Jenna's chief competition for a big journalism scholarship is none other than Elliott. Her best friend Keiko always seems busy with her own boyfriend. And cute-but-incredibly-annoying Rin Watanabe keeps stealing her booth at the diner she's been hiding at every day after school. Rin is every bit as stubborn and detached as Jenna. And the more Jenna gets to know him, the more intriguing a mystery he seems. Soon Jenna is starting to realize that being a loner is kind of, well, lonely. The Great Destroyers

By (author) Caroline Tung Richmond

On Sale: Aug 03, 2021 | Hardcover \$25.99

Blood, sweat, and death.

Welcome to the Pax Games.

Jo Linden was born into a world where wars are won with giant mechanical soldiers and the nuclear bomb was never invented. Yet the Cold War still rages, and international rivalries between democracy and communism are now fought at the Pax Games, an Olympic-style competition that pits young pilots of mechas against each other. The USSR has beaten the US in nearly every game since its inception, and in the 1963 Games, the US is desperate for a win. Because it's more than just the Games at stake. Premier Khrushchev will be attending, and after, he and President Kennedy are slated to sign a peace accord stabilizing the war in Vietnam—and their volatile relationship.

Raised in her father's mecha repair shop, Jo knows more than anyone about piloting. She's also the most unlikely pick for Team USA since she's a virtually unknown fighter. So when she's invited at the last minute to compete, she jumps at it. This could be the only chance to save her family's home from debt collectors. All eyes are on Jo from the moment she arrives. But as fighters start dying in the arena, it's suddenly clear that it's more than the usual Pax Games, and Jo finds herself drawn into a deadly political plot. And if she can't figure out the truth, it might mean the annihilation of everything.

In a global arms race between superpowers, playing out in violent games that only humanity could create, comes a chilling story of clashing titans, ruthless competition, freedom, and the girl caught in the middle of it all.

Soon they will discover that, like Grandpa himself, the house possesses not only secrets, but also real magic. Hidden in the labyrinth of his belongings are the clues to solving their family's biggest mystery: the disappearance of their Grandma Rose. Searching for clues in Grandpa's house unveils long-forgotten enchantments, surprising foes and a few unexpected friends. Using their ingenuity, bravery, and new-found belief in magic, Hedy and Spencer must search for the truth behind Rose's disappearance and attempt to heal the family rift that may finally set their grandmother free.

Luckily, she has the company of a stray dog in the neighborhood, who happens to look and act just like her beloved pet cat back home. Eventually, it turns out the pup isn't a stray after all -- she belongs to María Emilia's new neighbor, Donovan. In order to spend more time with the dog (who totally isn't her reincarnated cat... right?), she agrees to sing in Donovan's band. But can Emilia find her new voice without losing herself?

By (author) Sylvia Liu

On Sale: Aug 03, 2021 | Paperback \$8.99

Perfect for fans of Catherine Hapka -- a heartwarming story about a girl who must find her voice, with lots of manatee and dolphin fun along the way!

Becca Wong Walker may be so shy that most people at school think she doesn't speak at all, but why should she care? She has more important things to worry about. Missy, the manatee who visits the dock in Becca's backyard, and Becca's only friend, hasn't been seen for a long time. When Missy finally does return, she has a new baby with her! Becca wants to be excited, but more than ever inconsiderate boaters are speeding through the river, putting the lives of Missy and her baby in terrible danger.

One day, Becca spots a dolphin in the river too! By bonding over the dolphin and manatees, Becca finally starts to make friends at school. But when Becca takes a video that goes viral, it seems like it will be harder than ever to save the manatees... and trying might just tear Becca's new friendships apart.

These adorable little animals as seen in The Dodo's viral videos have the BIGGEST personalities

On Sale: May 04, 2021 | Paperback \$13.99

Robert M. Edsel brings the story of his #1 *New York Times* bestseller for adults *The Monuments Men* to young readers for the first time in this dynamic, narrative nonfiction project packed with photos.

As the most destructive war in history ravaged Europe, many of the world's most cherished cultural objects were in harm's way. *The Greatest Treasure Hunt in History* recounts the astonishing true story of 11 men and one woman who risked their lives amidst the bloodshed of World War II to preserve churches, libraries, monuments, and works of art that for centuries defined the heritage of Western civilization. As the war raged, these American and British volunteers -- museum curators, art scholars and educators, architects, archivists, and artists, known as the Monuments Men -- found themselves in a desperate race against time to locate and save the many priceless treasures and works of art stolen by Adolf Hitler and the Nazis.

Contributor Bio

Robert M.
